Good morning,

To clarify, you owe our court a total of \$1150.80. You are allowed to do community work service for your fines at the attached places. The Court has no authorization over how to get your license. We have no holds of any kind, nor can we provide you anything to get a restricted license. The court cannot issue you a warrant for failure to pay as these are civil traffic matters. We can add additional fines and fees and prevent the registration of any of your vehicles if you choose not to pay your obligated court fines.

Thank you
Court Clerk

Good afternoon, the Judge has denied a reduction in your fine. However, payments may be reduced to \$35.00 for 2 months ONLY. Failure to make your monthly payments can make you subject to additional fees as well as a possible warrant. If you have any questions, you may call at 928-753-0710.

Thank you,

Casey
